ENVIRONMENTAL & QUALITY POLICY STATEMENT

Established in 1993 Irish Metal Refineries Ltd. operates from Duleek, County Meath and specialise in the collection, storage and recycling of metal and metal based electronic waste for industry.

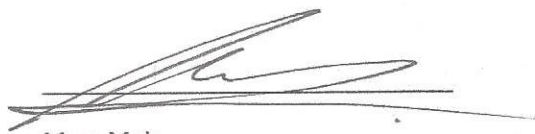

Irish Metal Refineries Ltd. provide a quality recycling and waste management service and regard environmental protection as an integral part of good business practice. We are committed to achieving a high standard of environmental quality from our own operations.

We believe that our operations have a positive environmental impact and help Irish industry to handle and recycle waste materials.

In order to achieve our commitment to environmental excellence Irish Metal Refineries Ltd. is committed to the following criteria:

- meet and exceed the requirements of all relevant environmental legislation
- promote recycling, use of recycled materials and find markets for waste materials
- reduce waste in all operations and ensure the best environmental option for disposal of unrecoverable waste
- provide the necessary training and support for staff to carry out their environmental responsibilities effectively
- make our environmental policy available to the public and interested parties.
- foster openness and dialogue with our neighbours and the general public,

Whilst all employees have a duty to ensure that our operations do not cause environmental pollution, the overall responsibility for environmental protection lies with the directors of Irish Metal Refineries Ltd.

Marc Meis
